

Tollco Floortray kitchen Kitchen cabinet

Prevents
water damage.
Collects.

- **Detect water leakage in time.**
- **Prevents water damage under dishwashers and washing machines.**

Tollco Floor Protection Base Cabinet is placed under kitchen cabinets to prevent water damage. The floor protection has folded edges all the way around and collects water leakage from hidden areas. When the water covers the entire bottom of the Floor Protection, Tollco Water Alarm is activated and emits a signal or Tollco Water Circuit Breaker and Leakage Circuit Breaker (if installed) emits a signal and shuts off the water. If the leak is not detected or remedied, the water is diverted out to the kitchen floor in front of the floor plinth where the leak becomes visible via Tollco Adjustable Outlet.

Floor Protection Base Cabinet is installed in combination with the following:

Option 1. Tollco Wall Panel, Tollco Leakage Circuit Breaker.

Option 2. Tollco Wall Panel, Tollco Flood Protection with non-return valve (item no. 3800001-09-001, RSK no. 7129509). The simplest way to drain water without installing a floor drain. Tollco Water Alarm.

Option 3. Tollco Wall Panel, Tollco Adjustable Outlet (item no. 24040201, RSK no. 8080976).

To seal pipe penetrations, use Tollco Sealing Tape Kit or Sealing Kit with sleeve couplings.

Can also be customised to the system, which means you can use Tollco Edge Clamp (item no. 3801001-08-001) to join floor protectors and divert water leakage through the edge of two adjacent floor protectors. By combining these products, you have created Tollco Wet Zone, which can reduce the risk of water damage in your kitchen.

Floor Protection Base Cabinet is transparent and made of environmentally friendly impact-resistant polypropylene plastic. Available in different widths and only 41.5 cm deep, which means they fit under all kitchen cabinets. Can be installed when renovating or building a new kitchen.

The assembly instructions are easy to follow and are of course approved by Säker Vatten.

Floor Protection Base Cabinet is accepted in Byggarvbedömningen and assessed by Sundahus.

Meets the requirements

Tollco mats for the Standard and Pro series meet the requirements in Chapter 8, Section 4-3 of the Swedish Planning and Building Act in the respects and under the conditions specified in Type Approval 0505/01 and are therefore approved in accordance with the provisions in the following sections of the Swedish National Board of Housing, Building and Planning's construction rules: BBR: Hidden areas in rooms or building components 6:5334.
